

P'nai Or and Summit Presbyterian invite you to a presentation by the POWER Climate Justice Team...

"Green Jobs & Justice"

"We are not only facing rising sea levels, but also rising levels of economic inequality."

Those already impacted by energy, food, housing and health insecurities are hardest hit by extreme weather changes caused by the burning of fossil fuels.

Come hear about the demand that PECO commit to solar energy and the creation of jobs in North Philadelphia. Learn how a strong multi-faith, multi-racial people's movement can make a difference.

When: Sunday, Feb 4th, 1:00-3:00 pm

Where: Summit Presbyterian Church, Westview & Greene Sts, Phila

What to bring: As we gather near the date on the Jewish calendar of Tu B'Shevat, The New Year of the Trees, please bring snacks to share-any fruits or nuts that grow on trees!

RSVP: Jean Hurd - jeanhurd@aol.com

Gayle Lacks - gaylelacks@verizon.net
